**Discussions:**

- RNC has a slot to do planning and Chaz is still interested in helping us do planning, depending on the level of assistance required.
  - Question: at what point should RNC pull together stakeholders and involve Chaz?
  - Chaz: the process should take 9 months to 1 year.
  - Pre-planning should take place about 2 months ahead of that.
  - Should do stakeholder interviews through a separate group than the RNC.
  - Chaz can outline a process for us.
  - He recommended no more than 2 meetings per month.
